

# Commercial Bollard Lights

**Grnled**

## Description

Commercial bollard lights is quite unique. The light source glows downwards, which will not irritate human eyes, but it can illuminate the pathway very well. It can not only provide necessary lighting and living convenience, but also embellish and beautify local areas,widely used in the green areas of commercial centers,or as a sidewalk light for square,garden etc

## Spacification

Model	GR-BL02A	GR-BL02B	GR-BL02C
Equivalent Watt	7W	7W	9W
Dimension(mm)	H700*W150	H700*W120	H700*W238
Lumens output	630lm	630lm	800lm
LED Chips brand	Epistar SMD		
Driver	DONE brand isolated driver		
Materials	Die-cast aluminum.Black/grey housing optional		
Color temperature	3000K/4500K/6500K		
CRI	80%		
IP Grade	IP65 Waterproof		
Power factor	>0.6		
Beam angle	110°		
Efficiency	>85%		
Working temperature	-25°C~+50°C		
Working life	>50000Hrs		
Remark	Different height can be customized like 800/1000mm
