

# Led Ground Lights 1W-48W

**Grnled**

## Feature

1. high-brightness LED chips, high brightness, low energy consumption, low light decay, uniform light output, soft light and long service life.
2. Using stainless steel frame, it is not easy to rust and fade, durable.
3. Voltage input 100-240VAC 50/60Hz, DC12V DC24V input optional
4. The color temperature can be monochromatic light or RGB.
5. DMX512 remote control available

## Specification

Model	GR-GL-1W	GR-GL-3W	GR-GL-6W	GR-GL-9W	GR-GL-12W	GR-GL-18W	GR-GL-24W	GR-GL-36W	GR-GL-48W
Equivalent Watt	1W	3W	6W	9W	12W	18W	24W	36W	48W
Dimension(mm)	Φ65*H80	Φ100*H80	Φ120*H95	Φ150*H95	Φ160*H95	Φ200*H95	Φ200*H95	Φ250*H95	Φ300*H95
Outcut	Φ60	Φ90	Φ115	Φ140	Φ155	Φ195	Φ195	Φ245	Φ295
LED Chips brand	Bridgelux high power chips								
Lumens	90lm/W								
Materials	Die-cast aluminum/Stainless steel+Toughed glass								
Color temperature	3000K/4500K/6500K/Red/Blue/Green optional								
CRI	75%								
IP Grade	IP65 Waterproof								
Input voltage	DC12V 24V 48V and AC110V 220-240VAC optional								
Beam angle	30°. the other beam angle like 120°,10-15° can be customized								
Working temperature	-25°C~+50°C								
Certificates	CE RoHS LVD EMC								
Warranty	2-3Years								
Remark	DMX512 controller solution available
